

55 GALLON EXPORT OPENHEAD DRUM

208 Liter Steel Drum

TARGET MARKET

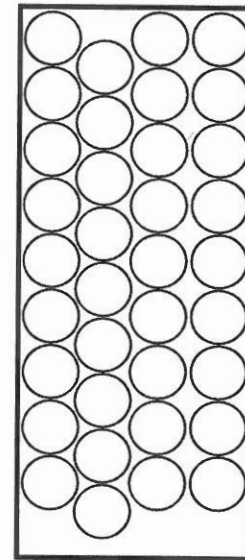

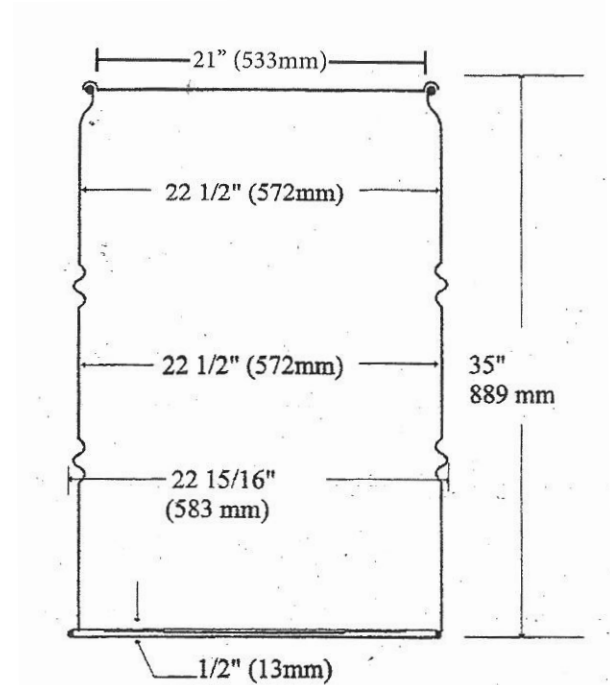

International shippers seeing to maximize space in an overseas container.

PRODUCT FEATURES

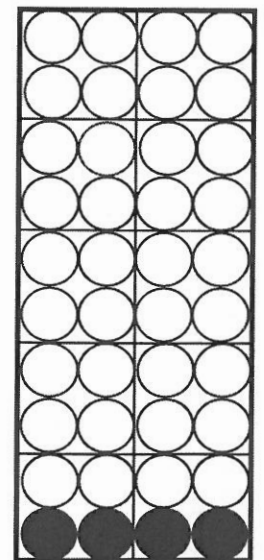

- "W" style swedge fits 4 abreast in overseas (ISO) shipping container
- Reduces freight cost by 11%
- Superior vacuum/pressure results
- Eases loading of overseas containers
- International (ISO) standardization
- Superior stacking strength
- Ultimate fire protection

TECHNICAL

It is the responsibility of the packager/shipper, not the container manufacturer, to determine the proper packaging specification for each lading. The shipper may request a certificate of conformance from the manufacturer to demonstrate that each container conforms with the performance testing provisions in 49 CFR 178.600

68 Standard Drums

80 ISO Drums

*All Dimensions are nominal
