

EXPERIENCE THE DIFFERENCE

# WE MANUFACTURE SUPERIOR CONTAINER SOLUTIONS

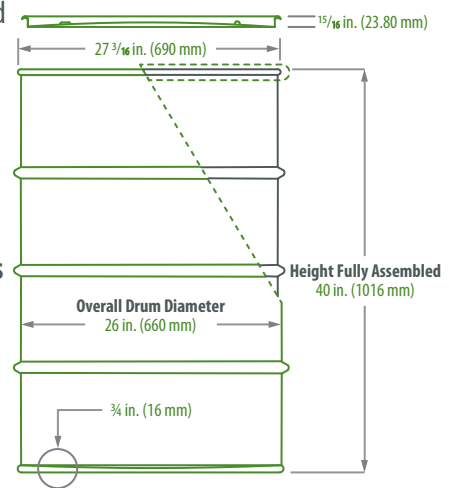

Myers Container is passionate about providing superior products and services for all our customers. Quality is embedded in our business, based on lean manufacturing, standardization, and continuous improvement. The best solution for your container needs is one that combines quality with complete life-cycle service. All of our containers are collectible for reuse and or recycling.

## Salvage/Overpack Steel Drums

Salvage drums are designed to hold damaged /leaking drums to ensure safe transportation through public areas. Overpack drums are used as additional protection for the shipment of drums and other packages.

- Both types offered in 10-85 gallon capacities
- UN Performance Rated Salvage Drums
- All coatings available
- All black with white head
- All yellow with black "Salvage Drum"
- Superior stacking strength
- Ultimate fire protection
- Designated overpack container

## Technical Notes

It is the responsibility of the packager/shipper, not the container manufacturer, to determine the proper packaging specification for each lading. The shipper may request a certificate of conformance from the manufacturer to demonstrate that each container conforms with the performance testing provisions in 49 CFR 178.600
